

FEE SCHEDULE INVESTMENT SERVICES FOR WEALTH CLIENTS

Fees are subject to 5% VAT where applicable

Emirates Investment Bank (EIBank) offers several investment service models for its Wealth clients. The following pages provide details on each of the following service models and describe the related applicable fees:

- Execution Model
- Advisory Model
- Discretionary Portfolio Model

A choice of service model is available for each Portfolio. That is, different Portfolios of an individual client may utilize different service models.

Service Fees accrue daily on the end-of-day value of assets in the portfolio (other than cash) and charged quarterly. In certain cases, including under the Discretionary Portfolio Model, Service Fees are applied to cash as well. Service Fees normally cover, among other matters, management/advisory fee, the custody and safekeeping costs and expenses incurred by EIBank and its sub-custodians, if any.

Execution Fees are charged to the client's account at the time when transactions are executed. Execution Fees are normally calculated at rates applicable to the value of conducted transactions. In addition to EIBank's internal costs, Execution Fees may, depending on the type of transaction, cover other associated costs, including execution costs and expenses incurred by assigned third parties whose services are utilized (e.g. execution brokers).

Minimum Balance Fees amounting to USD1250 per quarter will apply in the event the value of all a client's cash and assets placed with EIBank falls on average in a particular quarter below USD 1 million.
